SECURITY TIPS

for Your Uphold Account

1. **Enable Two-Factor Authentication (2FA):**

To add an extra layer of security, enable Two-Factor Authentication (2FA) on your Uphold account. This will require you to enter a code sent to your phone or email in addition to your password. This helps prevent unauthorized access to your account. ☎ 1⇒[833>644>5290]

2. **Use a Strong, Unique Password:**

Ensure that your Uphold password is both strong and unique. Avoid using easily guessable passwords like "123456" or your name. A combination of uppercase and lowercase letters, numbers, and special characters is highly recommended. 📞 1||833||644||5290

3. **Monitor Account Activity Regularly:**

Frequently check your transaction history and account activity. This will help you spot any unauthorized transactions early. If something looks suspicious, you can act quickly to secure your account. 🌈 +1»⇒833⇒644⇒5290

4. **Beware of Phishing Scams:**

Be cautious when receiving unsolicited emails or messages that ask for your Uphold account details. Always double-check the sender's email address, and never click on suspicious links or download attachments. If in doubt, contact Uphold support directly using their official contact details. ☎ +1[833] ⚡ 644 ⚡ 5290

5. **Keep Your Device Secure:**

Ensure that the device you use to access Uphold (whether a phone, tablet, or computer) is protected with a secure password, fingerprint, or face recognition. Avoid using public Wi-Fi networks when accessing your account to reduce the risk of hacking. 📱 || +1↳ [833]↳ [644]↳ [5290] ||
